

Lake Anna Hall

Bar Service At Lake Anna Hall

Lake Anna Hall is a host liquor facility. All liquor is purchased at a retail store and is provided by the host of the event. This allows our clients to save substantially on bar expenses. The typical event would have a budget for alcoholic beverages of 3.00 per person with beer and wine. The budget for an event with beer, wine & mixed drinks would be about 4.00 per guest.

We encourage you to limit the number of selections of alcoholic beverages to 4 in each category, Beer, Wine, & Mixed drinks. This helps us service your guests in a timely manner.

You can use <http://www.thealcoholcalculator.com> to better estimate the amount of money you will save by doing your bar as a Host Bar instead of paying more than double the amount at another venue.
